The pictures were taken on the 3rd of this month and forwarded to me today. We make periodic checks, I'm not sure what the exact date was but it was sometime mid January. We were planning on making a site visit next week (before the pics).

Danielle, when were the photos taken? And can you tell me the last date USCG did a check of the beach (before this time)?

Kathy Parker, USEPA R10

Hi Kathy!

Thanks for taking a look at this. These are the pictures we received of the site.

MST1,

Please contact EPA and schedule a joint assessment of the Bremerton site and put it IMD calendar.

Chief,

Below are the photos I took of the MGP CERCLA site in Bremerton. The stained area deserves a follow up and coordination with EPA. Please back brief when I get back. - LCDR Gough
